Item Code: SC-99

# EUROFIT®

## King Slide® Push Open + Soft Closing

### SIMLEAD

#### Wood Drawer System

with Push-Open, Silent Soft-Closing

*Innovations:*

#### Ever-Active Push-Open Design

*Drawer can be push-opened from a closed or any partially-opened position and smoothly soft-closed without bouncing back.*

#### Switchable Push-Open Design

*Push-open function can be enabled or disabled by a simple flip of a switch. Designers are able to adjust the product function based on their needs.*

- **Load Capacity Up to 40kg & 60kg**
- **8-Way Adjustments for Perfect Alignments**
- **New Soft-Close Design for Improved Performance**

**User-Friendly Mechanical Design, Smoother and more Durable.**

The ever-active push-open design and switchable push-open design provide additional convenience. Gentle push-open ejection and soft stopping when comes into contact with an object during opening movement. Synchronization of roller carriage not only renders silent soft-closing actions but also increases the product lifespan and stability.
