# Folding door system

## ▶ WingLine L / Pull to Move Silent

### Pull to move Silent

The door opens automatically from a 35° opening angle in response to a slight pull on the handle and is returned to the closed position in a cushioned movement.

## Capacity classes

For Push to move and Pull to move to work perfectly in conjunction with every door size and weight, the modules are available in various capacity classes. Choose the right set for your particular application. A trial mounting is recommended!
